The basic rate for the event (before any loadings) will be £18.00.

REIS Standard Conditions:

Vehicles must have Insurance in place which provides Third Party Liability cover that complies with the Road Traffic Act. This can be either, by extending an existing motor policy to cover the event, or, by purchasing additional cover as an adjunct to an existing motor policy.

If a competitor uses an extension to an existing policy, they will be required to sign a declaration that the cover complies with the requirements of the Road Traffic Act. Any responsibility for a fraudulent or misleading declaration about existing cover lies with the competitor.

If a competitor wishes purchase additional cover via the organisers then they can do so prior to the event providing they comply with the following.

Age 19 years or over

Has held a full licence for a minimum of 6 months

Has no more than 6 points on their licence

Has had no more than 1 fault claim in the last 3 years

The vehicle has valid Tax, MOT and is currently insured for road use

Anyone aged less than 19 years old will also be accepted at the same price should their co-driver be a more senior member of their family or over 25.

Any competitor who falls outside these parameters may be offered cover at equivalent terms or an agreed price, if approval from Reiss Motorsport Insurance has been obtained by the event organisers, prior to the event.

Additional cover provided by this scheme is only effective whilst the vehicle is actively competing in the event, and remains under the control or direction of the event organiser(s). Cover will cease immediately if you are precluded, excluded or retire from the event.

Both need to comply with the requirements shown in bold above.)

14. Insurance - Summary

For the avoidance of doubt this means that:

- a. you are aware that you take part at your own risk of injury to yourself and damage to your own vehicle.
- b. you must ensure that your vehicle is insured for road risks (Navigation Rally) for the event. If your insurance company will not cover this, then you will have to purchase REIS Insurance, subject to conditions (See Annex D) for **£18.00**. **All competitors** will be required to sign a declaration at signing on to the effect that either:
 - i. you wish to use REIS insurance and can comply with the standard conditions listed above in paragraph 13).

or that

- ii. ***your own insurance company is covering you and your vehicle for the event.*** It is your responsibility to ensure that this is valid.

If you wish to purchase cover from REIS and you cannot comply with these standard conditions, then you must contact REIS (details listed above in paragraph 13), who will decide if an increased premium will be required.

- c. The MSA Insurance cover for the event only covers the organisers and competitors for claims by third parties for injury or damage for loss or injury through their negligence. Third parties would be landowners and passers-by, NOT competitors. This only applies to off road incidents.
- d. As a competitor you are encouraged to consider taking out special Personal Accident cover – contact REIS or see the MSA website for the proposal form from MSA/JLT. If you hold an MSA Competition Licence you receive a basic level of personal accident cover either as a marshal or a competitor. If you hold only a Club Card for an MSA approved club you do not get this very basic personal accident cover.
- e. You should contact your vehicle insurer if you wish to obtain additional off road competition cover. If they are unable to give you a quote then REIS will be happy to oblige. If you can get cover, do not expect the premium to be cheap.

15. **Scrutineering.** Vehicles will be checked for general roadworthiness by SLROC scrutineers before signing on and at the end of the event; in addition vehicles must comply with the following:

- a. A second, throttle return spring (for non-electronic vehicles).

- c. Navigational Aids including GPS, SATNAV, laptop computers or average speed devices **are only permitted in the Challenge class.**
- d. Axles fitted with locking differentials are only permitted in the Challenge Class.

- e. All vehicles must carry an MSA approved Small Spill Kit (complying with J5.20.13).
